# My Dance Journey

Hi, I'm Jessie and I'm so happy you are here!

I established Ritmo Dance Academy because dancing has transformed my life. I used to struggle with insecurity and self-doubt, but dancing helped me build confidence and express myself freely.

I truly believe everybody can dance and feel empowered by it. My goal is to create a supportive space where women can connect with their bodies, overcome self-doubt and judgment, and experience joy through movement.

I'm committed to offering not just great dance classes, but an exceptional experience that builds confidence and community.

*Dancing has transformed my life.*

# Your First Class

Before each participant arrives at her first lesson, it's very important to us that she feels confident, excited, and looking forward to learning to dance.

Therefore, before your first class, you will receive two preparation videos:

- ✓ General preparation: what to wear and what to bring with you.
- ✓ Professional preparation: a short, recorded workshop that will teach you the rhythm and the basic step to make you feel ready for your first class.

## The Flow of Our Classes

We begin each class with a warm-up to prepare your body, joints, and muscles, while also training your nervous system to connect movement with the rhythm of music. Next, we learn the choreography for the day, we teach every move step by step, while helping you build confidence.

By the end of class, everyone dances the full choreography together. We record a short video of our practice, so you can review the material, keep practicing, and track your progress over time.

# What Our Students Say About Us

I've been dancing for a month now and I was looking for a fun way to stay active. I didn't know what to expect and thought it might be just another class, but I was blown away!

Jessie is an incredible teacher. She breaks down every movement patiently, over and over again. I didn't think I could dance, but my body started cooperating, learning new moves, and I feel so much lighter! I now look forward to every lesson!

**Iris P. | Salsa**

I highly recommend Jessie's Samba classes. I've been learning and dancing for several months now and I look forward to every lesson. I was looking for a Samba class with a fun and welcoming atmosphere, a place where women can enjoy learning together with great energy.

Each lesson is an hour of fun, fitness, freedom, and joy. Jessie is a wonderful teacher, patient, professional, and full of love for her art. I highly recommend her to anyone who wants to take some quality time for themselves, dance, and feel at home!

# FAQ

## Do I need previous dance experience?

No prior experience needed!

For Salsa, start with the Basics Class to learn rhythm, posture, and the basic steps and turns.

For Samba & Bachata, you can join the Beginners Class directly.

## What clothes and shoes should I wear?

Just wear comfortable clothes that let you move freely, the most important thing is to feel good and enjoy dancing.

Any comfortable shoes are fine. You can also get a pair of our “dance socks” and slip them over your shoes to reduce friction and protect your joints.

## Can I try a class before committing to a membership?

Yes! A trial class is the best way to meet the group and experience the style. If you love it, our memberships let you attend weekly and progress consistently.

## What happens if I miss a class?

No stress, each class has a new choreography, you can join any class during the week. Please cancel or reschedule up to 5 hours before class, as late changes result in loss of class credit. Also, you can carry over one missed class credit to be used within the same or the following month.

# What Happy Couples Say About Us

Me and my wife had a blast with Jessie. Not just learned how to dance but also learned to love to dance and it helped us setting the perfect mood on our wedding!

*Natalie & Liam*

Jessie is great! She helped me and my fiance for our first dance. We were very hesitant about dancing to an upbeat song but thanks to her it was so easy. She made a very simple choreography that we were able to follow without overthinking it. We definitely recommend!

*Sylvia & Simon*

I am so happy we chose Jessie to be our wedding dance instructor! Just from speaking with her I could tell she was very friendly and professional, so I convinced my now husband to drive an hour for our lessons with her, which was totally worth it! Jessie is super talented, an amazing dance teacher, and fun to learn from. She listened to what we wanted from the dance and worked with us to make it our own. Even my husband who didn't really care for a wedding dance, smiled, laughed and even enjoyed the lessons with Jessie, she really helped him get out of his comfort zone by providing a fun and relaxed environment all while maintaining professionalism and most importantly amazing results! We received so many compliments on our wedding dance and we were both so happy to have had her at our final rehearsal at the venue and at our actual wedding dance! Highly recommend Jessie for all your dance needs!

*Arielle & Alex*

# FAQ

## When should we start?

We recommend starting 2–4 months before your wedding to feel relaxed and confident.

Short on time? No problem, we can still create a beautiful dance in a few weeks, but please note that your choreography may be simpler.

## Will I be able to dance in my wedding dress?

Absolutely! We'll design a choreography that matches your dress style and lets you move comfortably and beautifully. Your dress will become part of the magic!

## How many lessons will we need?

It depends on your experience, choreography preferences, and practice time. We'll discuss everything in our introduction call and recommend the package that suits you best.

## Do we need experience?

Not at all! We have worked with many couples who had never danced before in their lives, and they looked absolutely beautiful and confident on their wedding. The key is to start 2–4 months in advance and practice consistently. With the right guidance, anyone can learn to dance.
